

# SAVE THE DATE: Nursing Research & EBP Symposium

Theme: “Amplifying Nursing's Voice Through Research, EBP and Implementation Science”

Friday, October 20th  
Virtual Conference

Registration is FREE!

Inova’s annual Nursing Research Symposium was created to provide professional nurses with an opportunity to present and learn about research and evidence-based practice to improve patient outcomes. Dynamic sessions will interest nurses with a variety of clinical and research experience.

## Event Highlights:

- Learn how nurses are using research, evidence-based practice, quality improvement and implementation science to transform nursing practice and outcomes.
- Network with nurses who developed evidence-based practice projects and research.
- Contact hours are in the process of approval.

### 2023 Keynote Speaker

**Deena Kelly Costa, PhD, RN**

Associate Professor

Yale School of Nursing &

School of Medicine in the Section of Pulmonary, Critical Care & Sleep Medicine.

### 2022 Attendee Reflections

“Many of these projects were true EBP projects and it was wonderful to see the impact and outcomes that can arise from implementing these in the clinical setting.”

“Really wonderfully put together virtual conference. It was engaging, the posters were very well done, and the virtual setting was interactive. The keynote opening speaker was very knowledgeable and I feel inspired to engage in more EBP!”

“This remains one of my favorite nursing conferences every year! You all did an amazing job once again!!”

“Nursing research is powerful. Evidence based practice is key to our progress as we continue on this beautiful journey.”

“I was impressed with how robust the research community is at Inova...”

### Registration Details:

Mark your calendar and request time off now to attend this event in October! Registration will open during the summer.
